## **2025/26 Internal Audit Report for Rochford Parish Council**

### **BASIS OF REPORT**

This Internal Audit Report is based on the Practitioners' Guide 2025: Governance and Accountability for Smaller Authorities in England.

The scope of this internal audit is focused on assessing the effectiveness of the Council's internal controls, as outlined in the original Letter of Engagement. Where any such controls are found to be deficient, the internal audit aims to support improvement in those processes.

This report should be made available to all Members to support and inform their consideration of the Council's approval of the Annual Governance Statement.

By applying the principles of internal auditing, as set out in the Accounts and Audit Regulations, and following the approach to internal audit testing outlined above, every effort has been made to ensure that the audit has been conducted with due professional care, integrity, and independence. All conclusions are based on objective and traceable evidence.

It is important to note that internal audit should not be viewed as a detailed inspection of all records and transactions to detect error or fraud. Smaller authorities are required under the Accounts and Audit Regulations 2015 to undertake an effective internal audit to evaluate the effectiveness of risk management, control, and governance processes.

Internal audit is therefore a periodic, independent review of a Council's internal controls, resulting in an assurance report designed to improve effectiveness and efficiency. Responsibility for day-to-day internal controls rests with the Council's staff and Members, not the internal auditor.

As Internal Auditor, I confirm that I am independent of the Council's financial management and internal control processes and have no conflicts of interest.

### **AUDIT REPORT**

I reviewed the documentation provided, information published on the Council's website and met with the RFO on 27<sup>th</sup> May 2026.

The Precept for 2025/26 was set at £290,037.

AUDIT POINT	AUDIT FINDINGS	RECOMMENDATIONS & ACTIONS
<p><b>A. Appropriate accounting records properly kept throughout the financial year</b></p> <p>Bookkeeping Arrangements</p>	<ul style="list-style-type: none"> <li>• <i>Appropriate accounting records are maintained and kept up to date. The Council operates on an Income &amp; Expenditure basis.</i></li> <li>• <i>The Council is now using Scribe for their accounting records, which is being utilised appropriately.</i></li> <li>• <i>Council minutes are up to date, signed and dated.</i></li> </ul>	<p>It was noted that a considerable number of sets of minutes published to the website still show 'draft' status. It is recommended that, once minutes have been approved, the website version is updated to remove "draft" status so that the public record clearly reflects the approved version.</p>
<p><b>B. Financial Regulations complied with, payments supported by invoices, expenditure approved, VAT appropriately accounted for</b></p> <p>Document reviews, review of internal controls and decision making.</p>	<ul style="list-style-type: none"> <li>• <i>Standing Orders and Financial Regulations were reviewed during the year, however the Standing Orders are based on an older model document. They are appropriately published on the Council's website.</i></li> <li>• <i>No contracts during the year required formal advertisement under procurement legislation.</i></li> <li>• <i>The Council adheres to its Standing Orders and Financial Regulations in relation to procurement.</i></li> <li>• <i>A sample of payments was tested and confirmed to be supported by appropriate invoices, with all expenditure properly approved.</i></li> <li>• <i>Invoices are verified and certified in accordance with Financial Regulations.</i></li> <li>• <i>Payment authorisation and banking arrangements are appropriate and in line with Financial Regulations.</i></li> <li>• <i>VAT is correctly accounted for and was reclaimed during the year.</i></li> <li>• <i>Effective controls are in place for processing payments.</i></li> <li>• <i>Bank signatories were reviewed during the year.</i></li> <li>• <i>Debit card expenditure is approved with a limit of £1,000.</i></li> </ul>	<p>The Standing Orders on the website are not aligned with the latest NALC model documents and do not for example reflect current procurement legislation. It is recommended that updated model Standing Orders are formally adopted.</p> <p>For transparency, once a decision has been made to accept a quotation, the approved supplier/contractor as well as the agreed contract value should be clearly recorded in the minutes.</p> <p>Care should be taken that Committee recommendations, particularly where a decision is outside of its delegated authority financially, are formally resolved by Council and minuted to evidence full scrutiny of decisions.</p> <p>It was noted that the Finance Committee resolved their own Terms of Reference during the year. This should be a function undertaken by Council and reference to Standing Order 4d and 5j should be considered.</p> <p>Standing Order 5j also lists the business to be conducted at the Annual Council Meeting. If the Council wishes to adopt a different timetable for reviewing or approving any of the matters listed within that Standing Order, this should be formally agreed by Council and the Standing Order amended accordingly.</p>

<p><b>C. Risk management &amp; Insurance assessed and reviewed and adequate</b></p>	<p>Review of internal controls</p> <ul style="list-style-type: none"> <li>• <i>The Council undertook a review of risk in the year.</i></li> <li>• <i>Insurance arrangements were reviewed. Fidelity cover appears to be £150,000, although this isn't clear.</i></li> <li>• <i>Appropriate arrangements are in place for managing operational risk but there is no formal evidence that checks are happening.</i></li> </ul>	<p>Whilst the risk review was resolved by the Finance Committee and those minutes were presented to Council, ideally a recommendation should have been made to Council to formally resolve the review of risk.</p> <p>It is recommended that insurance reinstatement valuations are undertaken on St Mark's Hall and the Parish Rooms.</p> <p>It is recommended that a residual risk column (post-control risk score) is included within the risk register to enhance transparency and ongoing monitoring.</p> <p>The level of fidelity cover does not fully align with recommended good practice. The Practitioners' Guide advises that cover should be sufficient to protect against the highest possible financial loss. This is commonly taken as the year-end balances plus at least half of the annual precept or the estimated maximum exposure at any one time. It is recommended that the Council reviews its current level of Fidelity Cover and increases the cover where necessary to ensure adequate protection.</p> <p>Records need to be kept of when operational checks are made on the Council's assets and consideration should be given to undertaking topple testing on headstones following suitable training.</p>
<p><b>D. Budget, Precept and Reserves have adequate processes, progress monitored and appropriate</b></p>	<p>Review of internal controls, monitoring and decision making</p> <ul style="list-style-type: none"> <li>• <i>An annual budget was prepared and approved prior to setting the precept.</i></li> <li>• <i>Budget monitoring during 2025/26 was evidenced in the minutes.</i></li> <li>• <i>The Council reviewed its reserves.</i></li> <li>• <i>Whilst there is evidence of a Reserves Policy it does not appear to have been formally adopted.</i></li> </ul>	<p>The precept for 2026/27 was set at £364,164.</p> <p>It is recommended that the annual budget is published to the Council's website for transparency.</p> <p>The Council should formally adopt the Reserves Policy.</p>

<p><b>E. Income fully received, properly recorded, banked and VAT accounted for</b></p> <p>Review of internal controls, banking and VAT accounting</p>	<ul style="list-style-type: none"> <li>• <i>The precept received in 2025/26 agreed to the precept demand.</i></li> <li>• <i>VAT is not appropriate for the income streams reviewed.</i></li> <li>• <i>Income was received as expected.</i></li> <li>• <i>Fees were reviewed during the year.</i></li> <li>• <i>Allotment Tenancy Agreements are in the process of being reviewed.</i></li> <li>• <i>Income is reported to Council.</i></li> </ul>	<p>There is an element of aged debt relating to outstanding allotment rents. It is recommended that a formal defined system is put in place to enable staff to follow a process.</p> <p>The Council may wish to consider as to whether a plot deposit scheme would be advantageous in tackling the increasing costs when plot holders abandon unmaintained allotment plots.</p>
<p><b>F. Petty Cash supported by receipts, approved and VAT accounted for</b></p> <p>Review of internal controls, decision making and VAT accounting</p>	<p><i>A Petty cash system is not operated by the Council.</i></p>	
<p><b>G. Payroll paid in accordance with approvals and PAYE and NI properly applied</b></p> <p>Review of process, internal controls and decision making</p>	<ul style="list-style-type: none"> <li>• <i>An appropriate contract of employment is in place.</i></li> <li>• <i>The Council is registered with HMRC as an employer.</i></li> <li>• <i>The Council is registered with The Pensions Regulator and staff are automatically enrolled in a pension scheme.</i></li> <li>• <i>Salaries were paid in accordance with Council approvals and PAYE and NI requirements were properly applied.</i></li> <li>• <i>Staff appraisals are undertaken.</i></li> <li>• <i>Councillors receive allowances which are paid through payroll.</i></li> </ul>	<p>It was noted that the Chair of the Staffing Committee is identified as the designated Line Manager for the Clerk. The Council, as a corporate body, is the employer of all staff. Whilst it may be appropriate for an individual councillor to act as a point of contact for day-to-day communication or pastoral liaison, care should be taken to ensure that this does not amount to individual decision-making on employment matters.</p> <p>Under Section 101 of the Local Government Act 1972, Council's functions may be discharged by a committee, sub-committee or officer but not by an individual councillor acting alone. It is therefore recommended that formal staffing and management matters relating to the Clerk are dealt with by the Staffing Committee in accordance with an appropriate Scheme of Delegation and Terms of Reference.</p> <p>The Council was reported to The Pensions Regulator for non-payment of contributions for 6 months. This was resolved promptly.</p>

**H. Assets, Investments and Loans complete, accurate and properly maintained**

Review of registers, policies and records

- *The Council holds an asset register which is up to date and assets were inspected internally during the past year.*
- *The asset register records replacement and insurance values as well as the purchase cost.*
- *An Investment Strategy has yet to be adopted by Council but is in hand.*

It was noted that the Council is in the process of agreeing a lease for St Mark's Hall. Draft Heads of Terms have been signed, but further negotiations remain ongoing and the proposed tenant is already in occupation and operating from the premises.

The Council should ensure that this position is regularised without delay. Occupation of Council premises before completion of a lease can create uncertainty over rent, utilities, repairs, insurance, liability and termination arrangements. In addition, where the proposed terms include a peppercorn rent and the Council retaining responsibility for repairs, the Council should ensure that it has considered the implications of disposing of an interest in land at less than best consideration, and that the community benefit and financial impact have been clearly documented.

Where there is a declared councillor interest in the organisation occupying the premises, it is particularly important that the Council can evidence independent decision-making, appropriate legal advice, consideration of valuation/undervalue, any subsidy control implications, and a properly documented occupation agreement. The audit trail should also confirm that the councillor with the declared interest took no part in negotiations or decisions on behalf of the Council.

It is recommended that the Council obtains and retains appropriate legal advice, ensures any interim occupation is properly documented, and records a clear decision-making audit trail before the final lease is completed.

<b>I. Bank Reconciliations carried out properly during the year</b>	
Review of internal controls	<i>The Clerk completes bank reconciliations, and an independent check is undertaken by the Finance Committee in accordance with Financial Regulations and verified to Council.</i>
<b>J. Accounting Statements prepared on correct basis, agreed to cash book, supported by audit trail</b>	
Review of process	<ul style="list-style-type: none"> <li>• <i>Appropriate accounting procedures are used and can be followed through from working papers to final documents.</i></li> <li>• <i>End of year accounts were prepared on an Income &amp; Expenditure basis.</i></li> <li>• <i>Figures were checked to Council's records.</i></li> </ul>
<b>K. Limited Assurance Review in 2024/25 – exemption criteria reviewed</b>	
Criteria review	<i>The Council did not meet the criteria for exemption from a Limited Assurance Review.</i>
<b>L. Website publishes required information, is up to date and in accordance with relevant legislation</b>	
Review of published information on website	<ul style="list-style-type: none"> <li>• <i>The Local Government Transparency Code 2015 applied to the Council in 2025/26.</i></li> <li>• <i>Three years of minutes &amp; agendas are published to the Council website.</i></li> <li>• <i>Five years of AGAR information is not available on the website but will be uploaded as the website is new.</i></li> <li>• <i>There are contact details for all Councillors on the website.</i></li> <li>• <i>An ICO publication scheme is published to the website.</i></li> </ul> <p>The ICO's publication scheme guidance expects reports presented to Council and Committee meetings to be made routinely available, subject to any lawful exemptions from disclosure. The Council should therefore review whether meeting reports are being published consistently alongside agendas and minutes where appropriate.</p> <p>Some of the missing elements expected to be published in accordance with the Transparency Code include the following:</p> <ul style="list-style-type: none"> <li>○ All expenditure over £500</li> <li>○ Invitations to tender &amp; contracts over £5,000</li> <li>○ List of public land and building assets</li> <li>○ Grants awarded</li> <li>○ Organisation chart</li> <li>○ Pay multiple</li> </ul>

<b>M. Exercise of Public Rights correctly provided for</b>	
Review of 2024/25	<i>In 2024/25, the Council did not correctly provide for the period for the exercise of public rights as required by the Accounts and Audit Regulations.</i>
	Care should be taken in calculating the dates as the notice period should be for 30 working days only.
<b>N. AGAR publication complied with</b>	
Review of 2024/25	<i>The Parish Council did not comply with the requirement to publish the 2024/25 AGAR information.</i>
	The External Auditor's Certificate was not published nor was the Bank Reconciliation, Variances Statement and Annual Governance Statement.  The instructions that accompany the AGAR paperwork should be considered to ensure correct publication in the future.
<b>O. Digital and Data Compliance with relevant laws, regulations &amp; proper practices</b>	
	It is recommended that a data audit be completed annually and presented at future internal audits.  The Council should take steps to ensure that its website is WCAG 2.2AA compliant supported by a published Accessibility Statement.  The Council should adopt an IT policy.  The Council should review the Data Protection Policy annually in accordance with Standing Order 5j.  Based on the above, the Council should record a 'No' response to Assertion 10 on the Annual Governance Statement.
	<i>The Council has a generic email address on a Council-owned domain, which supports compliance with the email management requirements. However, the Council has not demonstrated full compliance with all relevant legal and proper practice requirements relating to digital and data compliance for the following reasons:</i>
	<ul style="list-style-type: none"> <li>• <i>Whilst there is an Accessibility Statement on the Council's website it does not indicate that the website is compliant with WCAG 2.2AA.</i></li> <li>• <i>Whilst a Data Protection Policy has been adopted it has not been reviewed since 2020.</i></li> <li>• <i>An IT policy has not been adopted.</i></li> </ul>
<b>P. Trust Funds – The Council met its responsibilities as a trustee</b>	
Review if applicable	<i>Not applicable</i>

Transparency Compliant		
PROCESS	FINDINGS	RECOMMENDATIONS & ACTIONS
<b>1. Review of Internal Audit 2024/25 considered and actioned</b>		
Good Practice	<i>The Internal Audit report was reviewed by Council and published to the website. There were matters raised which received attention.</i>	The Council responded positively to the Internal Audit by developing an Internal Audit action plan.
<b>2. External Audit recommendations 2024/25 considered and actioned</b>		
Good Practice	<i>The Conclusion of Audit report was received for 2024/25 and reviewed by Council. There were matters requiring attention which received attention.</i>	Not all required AGAR publication requirements were fully met as noted earlier in this report.
<b>3. Compliance with Transparency Code</b>		
Good Practice / Legal conformity	<i>The Council is obliged to publish all elements that apply within the Transparency Code.</i>	Compliance work should be undertaken in the coming year.

### Technical, Governance Observations and Further Recommendations:

In accordance with the Practitioners' Guide, section 1.5, the Council needs to have appropriate evidence to support a 'yes' answer to an assertion and therefore this evidence should be referenced with the Governance Statement decisions in a set of formal minutes. A Statement of Internal Control and Risk Register is a useful tool in consideration of Assertion answers.

There is a defined procedure for approving the AGAR. The RFO must certify the accounts (Section 2) before they are presented to the authority for approval. It is recommended that this procedure is followed.

It was noted that councillor co-option had been considered in confidential session. Co-option is a decision of the Council and should normally be conducted in open session, in accordance with the general principle that parish council meetings are open to the public unless there is a specific and justified reason to exclude the press and public.

Whilst it may be appropriate to consider personal information provided by applicants confidentially, the decision to co-opt a councillor, and the associated vote, should be transparent and clearly recorded in the minutes. The Public Bodies (Admission to Meetings) Act 1960 permits the exclusion of the public only where publicity would be prejudicial to the public interest due to the confidential nature of the business, or for other special reasons stated in the resolution. In addition, voting at parish council meetings is normally by show of hands under Schedule 12 of the Local Government Act 1972.

It is recommended that the Council reviews its co-option process and adopts a clear Co-option Policy setting out how vacancies will be advertised, how applications will be considered, how any personal applicant information will be handled, and how the final decision and vote will be recorded.

The Council has an adequate storage system for both digital and hard copy documentation and has a Document Retention Policy.

## **Conclusion**

Internal control and governance arrangements have improved significantly since the 2024/25 Internal Audit with the Clerk and Council demonstrating a diligent approach to strengthening processes and addressing previous recommendations.

I would like to thank the Parish Clerk for the timely provision of documentation and for her assistance which supported the smooth delivery of the audit.

This report should be formally received and noted at the next meeting of the Council, recorded in the minutes and published to the website.

Should you require any further assistance or clarification, please do contact me.

The Annual Governance and Accountability Return constitutes the annual return referred to in the Accounts and Audit Regulations 2015. Throughout, the words 'external auditor' have the same meaning as the words 'local auditor' in the Accounts and Audit Regulations 2015.

\*for a complete list of bodies that may be smaller authorities refer to schedule 2 to the Local Audit and Accountability Act 2014.

## Guidance notes on completing Form 3 of the Annual Governance and Accountability Return (AGAR) 2025/26

- The authority **must** comply with *Proper Practices* in completing Sections 1 and 2 of this AGAR. *Proper Practices* are found in the *Practitioners' Guide\** which is updated from time to time and contains everything needed to prepare successfully for the financial year-end and the subsequent work by the external auditor.
- Make sure that the AGAR is complete (no highlighted boxes left empty) and is properly signed and dated. Any amendments **must** be approved by the authority and properly initialled.
- The authority **should** receive and note the Annual Internal Audit Report before approving the Annual Governance Statement and the accounts.
- Use the checklist provided below to review the AGAR for completeness before returning it to the external auditor by email or post (not both) no later than 30 June 2026
- The Annual Governance Statement (Section 1) **must** be approved before the Accounting Statements (Section 2) and evidenced by the agenda or minute references, even where approved on the same day.
- The Responsible Financial Officer (RFO) **must** certify the accounts (Section 2) before they are presented to the authority for approval. The authority **must** in this order; consider, approve and sign the accounts.
- The RFO is required to commence the public rights period which **must** be a single period of 30 working days for inspection (this excludes weekends and public holidays) which **must** include the first 10 working days of July.
- **You must inform your external auditor about any change of Clerk, Responsible Financial Officer or Chair, and provide relevant authority owned generic email addresses and telephone numbers.**
- Make sure that the copy of the bank reconciliation to be sent to your external auditor with the AGAR covers all the bank accounts. If the authority holds any short-term investments, note their value on the bank reconciliation. The external auditor **must** be able to agree the bank reconciliation to Box 8 on the accounting statements (**Section 2, page 5**). An explanation **must** be provided of any difference between Box 7 and Box 8. More help on bank reconciliation is available in the *Practitioners' Guide\**.
- Explain fully significant variances in the accounting statements on **page 5**. Do not just send a copy of the detailed accounting records instead of this explanation. The external auditor wants to know that you understand the reasons for all variances. Include complete numerical and narrative analysis to support the full variance.
- Additional costs may be incurred if additional audit work is required.
- Make sure that the accounting statements add up and that the balance carried forward from the previous year (Box 7 of 2025) equals the balance brought forward in the current year (Box 1 of 2026).
- The Responsible Financial Officer (RFO), on behalf of the authority, **must** set the commencement date for the exercise of public rights which **must** be a single period of 30 working days for inspection (this excludes weekends and public holidays) which **must** include the first 10 working days of July.
- The authority **must** publish on the authority website/webpage the information required by Regulation 15 (2), Accounts and Audit Regulations 2015, including the period for the exercise of public rights and the name and address of the external auditor **before 1 July 2026**

## Section 3 – External Auditor’s Report and Certificate 2025/26

In respect of Rochford Parish Council

### 1 Respective responsibilities of the auditor and the authority

Our responsibility as auditors to complete a **limited assurance review** is set out by the National Audit Office (NAO). A limited assurance review is **not a full statutory audit**, it does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and hence it **does not** provide the same level of assurance that such an audit would. The UK Government has determined that a lower level of assurance than that provided by a full statutory audit is appropriate for those local public bodies with the lowest levels of spending.

Under a limited assurance review, the auditor is responsible for reviewing Sections 1 and 2 of the Annual Governance and Accountability Return in accordance with NAO Auditor Guidance Note 02 (AGN 02) as issued by the NAO on behalf of the Comptroller and Auditor General. AGN 02 is available from the NAO website – <https://www.nao.org.uk/code-audit-practice/guidance-and-information-for-auditors/>.

This authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The authority prepares an Annual Governance and Accountability Return in accordance with *Proper Practices* which:

- summarises the accounting records for the year ended 31 March 2026 and
- confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

### 2 External auditor’s limited assurance opinion 2025/26

(Except for the matters reported below)\* on the basis of our review of Sections 1 and 2 of the Annual Governance and Accountability Return, in our opinion the information in Sections 1 and 2 of the Annual Governance and Accountability Return is in accordance with Proper Practices and no other matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met. (\*delete as appropriate).

(continue on a separate sheet if required)

Other matters not affecting our opinion which we draw to the attention of the authority:

(continue on a separate sheet if required)

### 3 External auditor certificate 2025/26

We certify/do not certify\* that we have completed our review of Sections 1 and 2 of the Annual Governance and Accountability Return, and discharged our responsibilities under the Local Audit and Accountability Act 2014, for the year ended 31 March 2026

## **AGAR – Implications and Actions for "No" Answers (2025/26)**

Completed by Helen Symmons, Internal Auditor 30<sup>th</sup> May 2026

### **L -The authority published the required information on a website/webpage – NO**

Failure to publish statutory documents breaches the Transparency Code 2015 and ICO expectations under the Model Publication Scheme

The Council is updating its website and will ensure all required information, including meeting agendas, minutes, financial statements, and AGAR documents, are published promptly and consistently going forward.

### **M - The authority, during the previous year, correctly provided for the exercise of public rights – NO**

Failure to provide the correct public notice period for inspection of the accounts is a breach of the Accounts and Audit Regulations 2015.

The dates were miscalculated by one day. The Clerk will ensure correct procedures and statutory timescales are followed for the 2025/26 AGAR.

### **N - The authority complied with the publication requirements for 2024/25 AGAR – NO**

Failure to meet the statutory publication requirements under the Accounts and Audit Regulations 2015

The Council will no doubt take steps to ensure that the full 2025/26 AGAR, including the signed Annual Governance, supporting documents and Notice of Conclusion of Audit, is published in full compliance with the legal deadlines.

## **Accounting Statements 2025/26**

### **Explanation of change in figures to 2024/2025 Accounting Statements**

Box 3 – Increased by £47.10. This was due to bank interest received previously being netted off against bank charges, therefore reducing Box 6.

Box 4 – Increased by £3446.54. This was due to a VAT refund being entered as a negative PAYE, therefore reducing Box 4.

Box 6 – Increase by £47.10. This was due to bank interest received previously being netted off against bank charges, therefore reducing Box 6.

Box 7 – Increase by £3,446.54. This was due to a VAT refund being entered as a negative PAYE, therefore reducing Box 4.

## **RESERVES POLICY**

<b>Date Approved by Full Council</b>	June 2026
<b>Date of Next Review</b>	May 2027

## Introduction

Rochford Parish Council (the Council) is required to maintain adequate financial reserves to meet the needs of the Council. The purpose of this policy is to set out why Rochford Parish Council holds financial reserves and how they are managed.

Reserves are money set aside to provide stability and security for the Council's finances. They ensure the Council can continue to deliver services if unexpected costs arise, income is delayed, or larger planned projects need funding in future years. By setting clear rules for how reserves are built up, used, and reviewed, the Council can demonstrate good financial management and reassure residents that public money is being handled responsibly.

Sections 32 and 43 of the Local Government Finance Act 1992 require local authorities to have regard to the level of reserves needed for meeting estimated future expenditure when calculating the budget requirement. There is no specified minimum level of reserves that an authority should hold, and it is the responsibility of the Clerk to advise the Council about the level of reserves to enable the Council to consider the appropriate level of both any general and earmarked reserves.

The Clerk shall maintain a detailed Reserves Schedule showing:

- Opening balance
- Contributions during the year
- Expenditure during the year
- Closing balance
- Purpose of the reserve

## Types of Reserves

Reserves can be categorized as general or earmarked.

**Earmarked Reserves** can be held for many reasons, for example:

- **Renewals** – to enable services to plan and finance an effective programme of vehicle, equipment and infrastructure replacement and planned property maintenance. These reserves are a mechanism to ensure that a replacement programme can be achieved without the need to vary budgets.
- **Carry forward of underspend** – some services commit expenditure to projects but cannot spend the budget in year. Reserves are used to carry forward these resources.
- **Insurance Reserve** – to enable the Council to be able to meet the excesses of claims not covered by insurance.
- Other earmarked reserves may be set up from time to time to meet known or predicted liabilities.

**General Reserves** are funds which do not have any restrictions as to their use. These reserves can be used to smooth the impact of uneven cash flows, offset the budget requirement if necessary or can be held in case of unexpected events or emergencies.

## **Earmarked Reserves**

Earmarked reserves will be established on a 'needs' basis. Earmarked reserves shall have:

- A clearly defined purpose
- A target amount where appropriate
- A planned timescale for use
- Annual review by the Council

Any decision to set up a reserve must be made by the Council.

Expenditure from reserves can only be authorised by the Council.

Reserves must not be used to pay for the Council's regular on-going running costs, such as staff wages or utility bills. Doing so would quickly drain the reserves and is not sustainable. Reserves may be used if there is an unexpected one-off cost or pressure, but the Council will plan to replace the money in the following year's budget. Earmarked reserves that have been used to meet a specific liability would not need to be replenished, having served the purpose for which they were originally established.

All Earmarked Reserves are recorded on a central schedule held by the Clerk which lists the various Earmarked Reserves and the purpose for which they are held.

Reviewing the Council's Financial Risk Assessment is part of the budgeting and year end accounting procedures and identifies planned and unplanned expenditure items and thereby indicates an appropriate level of Reserves.

Earmarked reserves may be established to fund future capital projects, asset replacement programmes and major repairs to Council-owned land, buildings and infrastructure.

## **General Reserves**

The level of General Reserves is a matter of judgement for the Council. The primary means of building reserves will be through an allocation from the annual budget. This will be in addition to any amount required to replenish reserves that have been used during the previous year.

Setting the level of General Reserves forms part of the discussions in the formulation of the medium long-term financial strategy and the annual budget. The Council must build and maintain sufficient working balances to cover the key risks it faces, as expressed in its financial risk assessment.

If General Reserves were exhausted due to major unforeseen spending pressures within a particular financial year, the Council can draw down from its earmarked reserves to provide short-term resources.

The Joint Panel of Accountability and Governance Practitioner's Guide, which sets out expected standards of financial governance, states that as there is no specific right to accumulate funds via the precept, all reserves should be reviewed on an annual basis and justified. The Practitioner's Guide also states that with regard to the appropriate minimum level of an authority's General Reserve is that this should be maintained at between three and twelve months of net revenue expenditure. The

level of financial reserves held by the Council will be agreed by the Council during the discussions held during the setting of the budget for the following financial year.

The Council will normally seek to maintain General Reserves within the range recommended by the JPAG (Joint Panel on Accountability and Governance) Practitioner's Guide, taking account of identified risks, asset ownership and service responsibilities.

The Council will review its General and Earmarked reserves at least annually as part of the budget-setting process and whenever significant changes in financial circumstances occur.

### **Investment and Cash Management**

The Council will ensure that reserves funds are held and invested in accordance with the Council's Investment Policy and Financial Regulations.

### **Transparency**

The Council's reserves position shall be reviewed by the Finance Committee and reported to Council annually as part of the budget-setting process.
